

This architectural drawing shows the elevation of a building facade, labeled 'ELEVACJA POŁUDNIOWA (C)' (South Elevation (C)). The drawing is a detailed line drawing showing the facade of a multi-story building. It features numerous windows of various sizes, some with shutters, and several doors. The facade is divided into sections by vertical lines, possibly representing structural elements or different parts of the building. Labels in Polish are present throughout the drawing, identifying various components such as windows ('okno'), doors ('drzwi'), and structural elements like 'mur' (wall) and 'fundament' (foundation). The drawing is oriented horizontally, with the building's length extending from left to right. The style is a technical architectural drawing, typical of a project submission for a competition or exam.
